

## Visitor Site Available Resources for Parents and Case Workers

Parents and Case Managers of individuals in our care may have access to our Visitor Pages where the following information is available in real time and updated daily. Access is available on application through our web site at [www.stewart-homes.com](http://www.stewart-homes.com).

---

<b>Daily Journal</b>	Notes from our staff made on various shifts throughout the day, updated daily.
<b>Medications List</b>	All of your child's medications separated into Current Medications, PRN Medications and Discontinued Medications. Provides key prescription details. Updated as medications change.
<b>Residential Care Plan</b>	All recent Plans of Care in PDF format for reading or printing.
<b>Daily support Notes</b>	Reports from One-on-One contract workers if your child has a support contract. Updated every shift.
<b>Day Program Notes</b>	Notes from our day program if your child attends.
<b>Medical Visits &amp; Contacts</b>	Details of all medical appointments and contacts with medical professionals such as dentists, therapists and hospitals. Updated as events occur.
<b>Family Contacts</b>	A record of contacts with family including phone calls and visits. Updated as contacts occur.
<b>Safety Plan</b>	The current Safety Plan in place for your child.
<b>MAR Generator</b>	A tool that will generate a Medications Administration Record for you to print and use to keep track of medications (if any) you administer during home visits.
<b>Photograph</b>	A recent picture of your child in our care plus a picture slideshow of Stewart Homes doings.
<b>Visitor Communications</b>	A tool you can use to communicate directly with your child's Residence Supervisor.
<b>Suggestion Box</b>	A link to the Stewart Homes Suggestion Box.
<b>Report a Problem Link</b>	A way to report any difficulties you may be having with our Visitor Site.
<b>Other Links</b>	A small selection of interesting links: Health Canada, Mayo Clinic, Canadian Product Recalls, pharmaceuticals.
